THE CANTATA OF REBECCA, which has been under rehearsal for a few weeks past and which will be given at the Opera House Friday night, the 14th instant, for the benefit of the Alexandria Infirmary, bids fair to mark a musical epoch in the city. Sight Restored.

Mr. A. K. Hawkes: Dear Sir.—About one year ago my sight began to fail, with the usual symptoms, viz: after reading for a short time my eyes became confused and there seemed to be a dimness before them, also accompanied with pains in the eye ball. Being satisfied that glasses were imperatively demanded, applied to you for them, and, I am happy to say, with wonderful result, for after having worn your crystalized lenses for a short time my eyes regained their accustomed strength, and I can now read the finest print for hours with perfect ease without glasses.

P. S. SPILLER, Clerk in Land Office.

New York, Feb. 10.—The stock market this morning, though narrow, was active and firm. The opening prices as compared with the final figures of Saturday were from $\frac{1}{4}$ to $\frac{1}{2}$ percent lower, and further losses were sustained over the entire list in the early dealings. The market was less active toward the end of the hour, and at 11 o'clock was quiet and steady, generally at small fractions under the opening prices. Money 3a4.
